

PRUNES GROW IN WASHOE

No Need to Send to California for This Fruit.

In Washoe Valley at the Thompson ranch two acres of prunes are ripening with no effort to save the crop for marketing use, says the Carson Appeal. At the least calculation five tons of fruit is hanging on the trees, enough to supply the whole State with that fruit for a year to come.

This winter the merchants will send to California for prunes that will be retailed to the people, and they are of no better quality than the fruit that is raised in Washoe Valley. The trees are only about ten years old and for the past four years have borne a superior crop of the finest prunes that have been exhibited in this section.

There has not been a year in the four that a fair crop has not been matured, and in each instance the fruit has not been used, as no one in this section seemed to understand the art of drying for the market. It looks like a chance for some enterprising individual to make a big sum of money in this business.

Williams Convicted of Embezzlement.

The case of Tom Williams, charged with embezzling funds from the Blue Rock Mines' Union of Yerington, was brought before the grand jury of Dayton county yesterday, and the prisoner indicted. Later he pleaded guilty and was sentenced to two years in the State prison. Williams, who was treasurer for the Mines' Union, took part of the funds to pay some bills of the organization, but instead of doing so he spent the money in having a good time. The union gave him every opportunity to pay the shortage, but he, unauthorized, collected money due the union, and also spent that Williams is well-known in this city.

Library of Socialism.

Dr. J. A. Hamilton has received a library from the "Appeal to Reason" on Socialism. He will act as librarian until an appointment to this position has been made. The library is free to all who wish to consult it.

No Verdict Reached.

The case of the State of Nevada vs. Spurling was completed yesterday and given to the jury. At a late hour last night no verdict had been reached. The defendant is charged with taking a shot at M. Gilling.

LABOR TROUBLES ON THE COMSTOCK

Linemen Refuse to Work for a Cent Less Than the Union Scale.

The gang of line and ground men employed by the Truckee River General Electric Company that arrived here yesterday to extend the company's power plant through Six-mile Canyon to the Butler tailings reduction plant to be established at Kiondike, went on strike last evening.

The linemen have been receiving \$2.75 per day of nine hours, and the ground men \$2.50. They demand that the linemen receive \$3 per day and the ground men \$2.75, for a day's work of nine hours, the same rates paid in California, says the Report.

The above terms were submitted to Superintendent Condit, who left for Reno this morning to submit them to the local secretary of the Floriston power company, who will be in Reno with President Fleishacker tomorrow.

Rushed With Work.

Contractors are refusing jobs these days. One builder has thirty-one carpenters employed and The Journal is by no means assured that he is the largest employer in the city.

How the Supreme Court Decided.

So many conflicting reports are in circulation concerning the action taken on the game law enacted at the last session of the legislature that it may be well to explain the decision of the Court on the test of its constitutionality.

The Court held that the clause providing that one-half of the fine imposed for a violation of the law should go to the informer was unconstitutional, and that the whole amount must be paid over to the school fund. In other respects the law is valid. This explanation is made that our citizens may not innocently be led into an infraction of the law through an impression that the law was knocked out.

Off for the Hills.

N. B. Clark, night clerk at the Arcade hotel, has taken a lay-off to look after mining interests. John Yenner will look after his duties at the hotel and Al White, the veteran Reno hotelman, will assume the duties of day clerk. Mr. Clark has some fine looking copper prospects on Peavine.

Examination Held.

A civil service examination was held yesterday in the Reno postoffice. The examinations were held for appointments in the Indian service. The only candidate for examination was Miss Crowe. The board of examiners consists of Messrs. Dawson, Shaver and Parlin.

Burglars Ply Their Trade.

An attempt was made early yesterday morning to loot the safe in the Louvre saloon on Commercial Row. An entrance was forced through a front door, the combination was forced off and a charge of dynamite inserted in the orifice.

The outer door was blown off, but the inner vault remained intact. The burglars fled without even tapping the till, which contained several dollars in small change.

The tools used in this work were stolen from Charles Burke's blacksmith shop a week or two ago.

Several other attempts at burglary have been made within the past week. There is evidently a gang of crooks in town, but their work is pretty raw.

TERSE AND TO THE POINT

Little Bits of Items, but Still Worthy of Mention.

Fresh easterly wind is forecasted for today.

Two trainloads of stock were shipped from this point yesterday.

The cement sidewalk in front of the Bank of Nevada is completed.

A kiln of brick is ready for burning by the Reno Pressed Brick Company. An eagle was shot in Virginia yesterday that had a wing spread of five feet.

Will Waters, fireman on the swing, is off for a few days on account of illness.

Train No. 2 was four hours late this morning owing to trouble on the east end.

Sol Hill will leave in a few days to look after his mining interests in White Pine county.

The State W. C. T. U. Convention was in session yesterday in the Congregational Church.

Fresh Finnan Haddies just received at the Nevada Store, corner Sierra and Elm streets.

No California couples were married in Reno yesterday. This was an unusual occurrence.

All trains from the east were late yesterday, owing to poor connections on the Union Pacific.

The first installment of taxes are now due and will be delinquent Monday, December 2, 1901.

Subscriptions are still coming in to the McKinley monument fund. About \$1300 has already been raised.

A hallowe'en story of A. D. Ayres, Esq., of this city, will appear in The Journal on the morning of the 31st.

The Sierra Valleys train got into the ditch yesterday afternoon and no mail arrived from Plumas county last night.

THE WATER COMPANY SELLS OUT

A Big Transaction Takes Place.

ABSORBED BY THE NEVADA COMPANY

The New Corporation Will now Enjoy a Monopoly in Water and Lights.

The Nevada Power, Water and Light Company now owns a controlling interest in the Reno, Water, Land, and Light Company. Practically the entire latter company is now emerged into and absorbed by the former.

This news is official, coming as it does from interested parties on both sides of the big deal. This is the largest financial transaction ever consummated in this city.

From the books of the R. W. L. & L. Co. The Journal has obtained the following list of stockholders in that Company and the holdings of each:

Williams & Jones, 10,656 shares; Joseph Powning, 10,739 shares; Mrs. O. J. Smith, 5,328 shares; Charles Kaiser, 1,736 shares; F. G. Newlands, 1,000 shares; W. L. Bechtel, 1 share; Estate C. C. Powning, 520 shares; H. M. Gorham, 20 shares. Total, 30,000 shares.

Actual transfers upon the books of the Company have already been made of the shares of Mrs. Smith and Jos. Powning, giving the new company a controlling interest. With the exception of a very small minority of the stock all the other holdings are at the option of the new company and will doubtless be transferred in a few days.

This deal gives the Nevada Power, Water and Light Company a magnificent system, including the water and light systems of the city and large realty holdings, as well as the new plant being put in by the Nevada Company.

Two sources of power are at their command on the Truckee as well as an auxiliary steam plant.

Visited His Old Habitation.

A. D. Shane has returned from a three weeks' trip to the east.

He did not tarry long at any one place, but covered considerable ground.

Mr. Shane spent a few days visiting his sister in Chicago and then went on to the Buffalo Exposition. He speaks in terms of highest praise of the Nevada mineral exhibit.

His next stopping place was in Canada.

This is the first time that Mr. Shane has been east in thirty years and it is superfluous to say that he thoroughly enjoyed every moment of his absence.

Will Lecture at the General Assembly.

General Assembly will be held at the Gymnasium at the University tomorrow at the usual hour, 3:30 p. m.

Miss Marie C. Brehm, the noted W. C. T. U. lecturer, will deliver the address, taking as her theme, "Esther, the typical woman, and Daniel, the highest type of man."

The public is cordially invited to attend.

Ore Discovery on Comstock.

The Kinkead mill will begin crushing ore from the Best & Belcher mine as soon as connection is made with the drift now being run for an air-way, which will be accomplished early next month. The ore to be milled will be extracted on and above and below the 365-foot level, where a body of unknown extent, showing assays of from \$6 to \$30 per ton, has been developed.

This is the second ore discovery made in the Best & Belcher. The first was made in 1888 under the superintendency of the late Patrick Kervin, from which \$8000 in bullion was realized. The present development, under Superintendent Kinkead's management, is in the same part of the mine, the extent of which will be determined as the exploration of the ore progresses.

Vice-President Dunaway of the Nevada-California-Oregon railway is spending a day or two at the northern end of the line.

Wm. Brewer, one of the proprietors of the Cafe Royal, San Francisco, passed through Reno Monday on his way to Virginia, his former abiding place.

TELEGRAPHIC BREVITIES

News of the Day Presented in Brief

Form for Perusal by Busy Readers.

The Schley Court of Inquiry still drags on its weary way.

The president of Maryville College, Tennessee, died yesterday.

The demands of the striking miners in France have been refused.

The Island of Samra in the Philippines is in active insurrection.

Richard Tripp was fatally injured yesterday in a football game in Iowa.

A ferry boat plying between New York and Jersey City was burned yesterday. No lives were lost.

Frederick Archer, one of the best known musicians in the country, died yesterday at his home in Pittsburgh.

The defense has closed its case in the trial of Caleb Powers for the murder of Governor Coebel of Kentucky.

Negotiations have been opened between the protecting powers regarding the independence of the Island of Crete.

One week from today will be Czolgosz's last day on earth if the present plans of the Auburn State Prison officials are carried out. The plan is to execute the assassin at the break of day on the morning of October 28th.

Production at the Opera House.

Last evening a large house greeted the production of "The Convict's Daughter."

The audience thoroughly enjoyed the performance. The play is one full of heart interest and thrilling situations. The scenic effects were especially interesting.

A number of splendid attractions have been billed by Messrs. Piper and Kraus.

Golden Getting Gold.

Frank Golden came down from Carson yesterday. He expects to clean up \$50,000 from his Tonopah leases. Frank is always ready and willing to take a chance and no one on The Journal's subscription list is deemed more worthy of success. One good thing is that Frank will be willing to let go of a little of his earnings if he sees another chance for a successful investment.

W. C. T. U. Convention.

Miss Marie C. Brehm, an eloquent speaker of the National W. C. T. U., will give public addresses in the Congregational Church Tuesday and Wednesday evenings, Oct. 22nd and 23rd.

The Nevada State W. C. T. U. Convention will be held in Reno in the Congregational Church October 22 and 23. The first session will open Tuesday at 9 a. m.

Very Probably True.

The rumor that a strike had been made in the Sullivan exploration tunnel was confirmed yesterday. It is not yet known whether the ore will pay to ship. The tunnel was run to tap the formation in three claims lying a short distance north east of the Reno Star mine. The formation on the surface there is such as to lead the casual observer to believe that the Reno Star lead strikes through that ground.

A Change of Base.

George Lamb, agent for ladies' tailoring supplies, has accepted a position with Gray, Reid & Co. The firm has assumed his agency and will make Mr. Lamb head of this department of their store.

THE LEVEE OF JUSTICE LINN

His Honor Metes out Mercy and Justice to All Comers.

The levee of Judge Linn lasted somewhat more than quick yesterday.

Frank Evans was given ten days for agrangry.

James Thompson used a crutch and came on one of the "cops" when an attempt was made to arrest him for raising merry hades at the Washoe Lunch Counter, and was recommended to the tender care of Sheriff McInnis for the ensuing thirty days.

John Peters kicked the animated stuffing out of Belle Palmer, and was sentenced to six months in the crowd of laborers who dig sewer trenches for the good of the community.

Two boys from Verdi were brought in for violating the fish law, and were given ten days each.

A gent of maroon color by the name of Frank Williams, was yanked in for selling whisky to Miss Susie, a maiden of the Washoe persuasion. He pleaded most strenuously that he was not the man, but somehow or other his talk seemed rather thin, and he was held to await examination.

Steamer Returns from the Shops.

Steamer, No. 1, of the Reno fire department, arrived from Carson yesterday morning, where it has been thoroughly overhauled in the Virginia & Truckee shops. The engine is now ready for active service, but the inspector of boilers will not guarantee safety if over 60 pounds of steam is used. Evidently it would be a good move by the town if both the steamers now in use were traded in for a modern fire engine.

Heavy Damages Asked.

The famous case of Christis vs. Lonkey came up for trial this morning in the District Court. This is a suit for \$24,000 damages. Messrs. Leishman and Chantz are attorneys for the plaintiff, and Torreyson and Summerfield for the defense.

WILL HE BE FORCED TO IT.

INASMUCH as a congressional election is to follow the next session of Congress, in about two months, the managers of the Republican party, would like to leave the subject of tariff with promises of what they intend to do, and keep powerful interests further indebted to them for what they have done. It is to such interests that they have owed their victories in the past, and they know it. The problem of taxation has been solved by that party with an eye to the advantage of such interests.

The country is now going forward under an excessive burden of taxation. The Dingley tariff has the largest average rate of all others in the history of the nation. In addition to this, the revenue tax is still in force, with the exception of the reduction made reluctantly by the last Congress, the greater part of which was in the interest of the brewers. But there is another factor that will make the reduction question more urgent even than the clamors of the common people, and that is the treasury surplus. Secretary Gage has done what he could to keep it down, but it still continues to grow. It was estimated that the reduction in the war revenue tax would lessen the federal receipts at least \$40,000,000 a year, but in the three months succeeding the time the amendment went into effect, the receipts were within \$3,000,000 of what they were in the same period of the previous year. On the other hand there has been a decrease of expenditures of \$17,000,000, owing to a reduction in war expenses, which could not be kept up without provoking a howl from the people which plausibility could not silence. So instead of checking the surplus by \$40,000,000, it has increased by over \$50,000,000 during the year.

This is a situation which the business interests cannot stand. To keep the money in circulation, Secretary Gage has bought for the treasury to hold, \$24,000,000 of unannounced bonds, and has also made deposits in national banks, that the treasury money might be made available to the people. The condition is certain to grow worse instead of better, unless the people are given relief from taxation, and for that reason Congress must act. The people are entitled to taxation relief. It is claimed that it is a time of general prosperity, but the marked beneficiaries are not general, because of the higher cost of living that the system of taxation imposes. Even if steady work is the share the people are getting from the prosperity, it scarcely offsets the higher cost of the necessities of life. The instances are rare where wages have been increased while the outgo is much larger. This leaves the comparative balance on the wrong side.

Reluctant as are the Republican managers to disturb the question of taxation at the coming session of Congress, the conditions over which they have no control appear to be such as to force them to it.

THE income tax in England has been in force for over 100 years, but the people in the United States who have large incomes are possessed of so much influence it seems impossible to secure an effective income tax in this country.—Grass Valley Union To speak plainly, "the people of the United States who have large incomes" have too much influence with the Supreme Court to allow such a righteous law to go into effect after its passage by the authorized representatives of the people. It was the best and most equitable revenue law that was ever enacted by the American Congress, and if left to the people would be ratified by a vote of ten to one. But the Supreme Court is the highest power in the land—always excepting the named power, which is superlatively supreme in all matters relative to the interests of the favored few and the unfavored many.

WHAT would be said of a man who would have protected the assassin of President McKinley and shielded him from the clutches of the law? And yet the Governor of Indiana is guilty of an equally infamous offense. Governor Bill Taylor, who was in the foul conspiracy to murder Goebel, is still skulking in Indiana, protected from just punishment by the chief executive thereof. If Taylor had been fit to be Governor of Kentucky, he never would have fled like a craven, and if the Governor of Indiana were worthy of the place he holds, he would gladly and promptly turn the dastard over to the Kentucky authorities. All who had any hand in Goebel's death richly deserve the halter, and no sort of excuse or pretext will change that conclusion in the minds of honest and law-abiding people.

IF the Republican party opposes tariff revision it is safe to predict that Mr. Babcock, if he adheres to his views, will find himself a stranger to the patronage crib.—Commoner. He has already placed himself beyond the jurisdiction of the patronage crib and he did it voluntarily, burning the bridges behind him as he marched along the line of tariff reform. He evidently has the honesty and courage of his convictions, and even if he had not, like Richard the Third, it is safer for him to advance than retreat.

WHY don't the Republican organs make their demands for the disbandment of the Silver party of an official character? Their unofficial orders amount to nothing. Let them have called a meeting of their State Central committee, and let that body issue a proclamation peremptorily ordering the the immediate dispersion of the refractory silverites, or suffer the direful consequences. That's the way that Kitchener "dispersed" the troublesome Boers, and what is proper in South Africa ought to hold good in North America. Besides, there would be some style in that mode of procedure, while there isn't in the feeble wails and protests of the organs.

SINCE his sentence to a year's imprisonment, Heri Most has exhibited the craven spirit characteristic of all of the anarchistic ilk. He says he meant no harm when he advised that rulers should be hunted and destroyed "through blood and iron, poison and dynamite," in an article in his paper, captioned "Murder vs. Murder." His keepers would certainly do "no harm" if they restricted the miscreant's diet to the lowest possible amount of the stuff of life, and half water rations, during the term of his incarceration.

THE San Francisco Bulletin advises the working men of that city in regard to who they should vote for, for Mayor. The attitude of the Bulletin during the late strike will probably commend that paper and its advice to the serious consideration of the toilers, and after carefully considering it, they will manifest their appreciation of its "interest" in their behalf by—voting for some other candidate.

WHAT'S the matter with the Utah State Journal. It has failed to show up here for several weeks. Stir up your mailing monkey, Major. We need our Utah namesake in our business.

THE COMMONER advises against betting on elections. It is good advice, and we, with some other of Mr. Bryan's friends in this neck of woods, wish we had adopted the rule prior to the last two presidential elections.

PRESS COMMENT.

State superintendent of prisons Collins, has given orders that Czolgosz, the murderer of President McKinley, must not be the subject of notoriety while in Auburn prison awaiting electrocution. He must not be seen, and visitors must not be permitted to enter any part of the prison where knowledge might be gained of his location.—Ex.

The experience of the present year because of the drought will be liable to change the views of some of our Congressmen in regard to irrigation. Missouri farmers are losers this year by \$100,000,000, Kansas as much more, Nebraska nearly as much, while Arkansas and Iowa are heavy losers. They are pointing to the great results of irrigation in Colorado and other States, and are now willing to concede the benefits of irrigation.—Irrigation Age.

ORDER TO SHOW CAUSE WHY DISTRIBUTION SHOULD NOT BE MADE.

In the Second Judicial District Court of the State of Nevada, in and for the County of Washoe.

In the matter of the estate of Della Conroy, deceased.

On reading and filing the petition of Helen I. Conroy, the executrix of the last will of Della Conroy, deceased, praying for an order of distribution of the residue of said estate among the persons entitled:

It is ordered that all persons interested in the estate of the said Della Conroy, deceased, be and appear before the District Court of the Second Judicial District of the State of Nevada, in and for the County of Washoe, at the Court room of said Court in the Town of Reno, Washoe county, Nevada, on the 9th day of November, 1901, at 10 o'clock a. m.

of said day, then and there to show cause why an order of distribution should not be made of the residue of said estate among the heirs of said deceased according to law.

It is further ordered that a copy of this order be published once a week for three successive weeks, before the said 9th day of November, 1901, in the Daily Nevada State Journal, a newspaper printed and published in said town, county and State.

W. D. JONES,
District Judge.

Dated October 16, 1901.

NOTICE FOR PUBLICATION.

UNITED STATES LAND OFFICE,
Carson City, Nevada, August 31, 1901.]

NOTICE IS HEREBY GIVEN THAT IN compliance with the provisions of an act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," Samuel Longabaugh of Empire, county of Ormsby, State of Nevada, has this day filed in this office his sworn statement No. 99, for the purchase of the s. 1/2 of sec. 34 and s. 1/2 of sec. 35 of Township 36 N., Range 30 E., M. D. M., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Carson City, Nevada, on the 15th day of November, 1901.

He names as witnesses:
John G. Ellis of Carson City, Nevada,
Wm. W. Coleman of Carson City, Nevada,
Andrew Gray of Carson City, Nevada,
Fred G. Walstrom of Empire, Nevada.
Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 15th day of November, 1901.

MINING IN THIS STATE

Culled News of Nevadas' Most Important Industry.

One thousand tons of ore from the Pinto mine near Tuscarora will be reduced in the Dexter mill at that place. The Pinto was recently purchased by the Dexter Mining Company.

The Unionville correspondent of the Lovelock Argus reports that a rich strike has been made in the old Peru mine at that place. The mine has been operated by Surveyor-General Kelley for a year past and gives promise of proving valuable property.

The Nelson copper mines in Humboldt county, which were recently bonded for \$40,000 by the Tellerbach's of San Francisco, promises to be a great copper producer. The ore is a very high grade, and the ledges well defined and wide.—Silver State.

The American Nitro and Potash Company has made a small shipment of nitro to San Francisco from its works near Lovelock. About the first of next month the company will ship three carloads of nitro and two of salt and expects to follow this with regular consignments.

Last Thursday Mr. Lavey made another shipment of a car of ore from the Tiger mine to the Selby works in San Francisco. The first car netted about \$33 per ton and it is thought that this second car will go even better. The mine is looking fine and improves as depth is gained.—Lovelock Tribune.

A sample of one ton of ledge material from the Fortuna Hope mine, taken outside of the pay streak and reduced at the Wadsworth mill yielded forty-five pounds of concentrates, value not known yet. The pay streak in this mine runs from two to eight inches and assays from \$225 per ton up. The shaft is down 220 feet with value from top to bottom.—Wadsworth Dispatch.

A FIENDISH ATTACK.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50 cents at S. J. Hodgkinson's drug store.

ALL AROUND THE STATE

A Few Gleaned Paragraphs of Nevada News.

The steamer Tahoe has been taken off for the winter as tourist travel is at an end.

S. H. Hobson, a Utah mining expert, has bonded a number of claims near Columbia, Elko county.

The improvements on the State buildings at Carson have been completed and the contractor's work accepted.

A. J. McCone is shipping six sixteen-foot boilers from the Crown Point mine to Los Angeles, where they will be used as oil tanks.

Mason Valley ranchers are shipping their hay and grain to Sodaville, where it is sold to teamsters who have freight trains running between that place and Tonopah.

According to the White Pine News the work on the railroads in that district is being rushed along. The people are patting both roads on the back in the hopes that a road will be completed through that section.

An item was published in the Virginia papers to the effect that a couple (names unknown) would be married there next Sunday. This started a guessing contest that was participated in by a big majority of the local population, and brought to light the fact that there are no less than nine couples on the Comstock contemplating matrimony.

TOT CAUSES NIGHT ALARM.

"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Crittenden, Ky. "It seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Baby's Coming

McDonald, Ga., July 18, 1900.

I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Theodor's Black-Draught and have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Theodor's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indiscretion, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pain, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under these conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.

THE STATE W. C. T. U. IN ITS ANNUAL CONVENTION**An Interesting Program Rendered in the Congregational Church.**

(By Lydia Adams-Williams.)

The Nevada State Women's Christian Temperance Union held the opening session of the convention in the Congregational Church at nine o'clock yesterday forenoon.

The church was beautifully decorated in the W. C. T. U. colors, white and yellow, which were gracefully festooned and intermingled and supplemented by the beautiful foliage and flowers of autumn. A life-sized portrait of the deceased president of the W. C. T. U., Frances E. Willard, draped in white and ornamented by yellow chrysanthemums, was one of the features of the decorations.

The meeting was called to order by the vice-president, Mrs. Dr. Church, who filled the duties of that position in a most able manner.

The office of secretary was ably filled by Miss Gertrude Bonham. After devotional exercises, the convention greeted Miss Marie C. Brehm, National Superintendent of Franchise, who is the convention speaker.

Then followed the President's address by Mrs. Dr. Church. This was a splendid paper, which set forth in a forceful, logical and convincing manner the objects and aims of the W. C. T. U. and the work that the Union has accomplished. This excellent address will, later, be published in its entirety, therefore a synopsis of it is not given in this article.

The following committees were appointed.

On Courtesies—Mrs. Frank Stewart, Chairman.

On Plan of Work—Mrs. McRae, Mrs. Dr. Church and Miss Brehm.

On Resolutions—Mrs. Dr. Herschler and Mrs. H. Spencer.

On Membership—Mrs. Carrie Coffin, Chairman.

On Credentials and Enrollment—Mrs. O. J. Peterson and Mrs. Spencer.

Miss Brehm followed with an informal talk on the work of the Union, local as well as State.

The noon-tide hour for prayer was observed and an adjournment taken till afternoon.

Dainty luncheon was served in the church parlors to the delegates.

At the afternoon session the devotional exercises were led by Mrs. Van Deventer.

It was decided to send a delegate to the National Convention which meets at Fort Worth, Texas, in November.

During the afternoon rest exercises, which were designed as a means toward recreation and relaxation, were most gracefully and becomingly conducted by Mrs. Dr. Herschler.

The Misses Stanley charmed and delighted their audience with a vocal duet.

There were present as visitors Rev. Driver and Dr. Van Deventer, besides many townspeople who are interested in the work of temperance and purity.

The session last evening was largely attended and was most interesting. The exercises opened with an organ voluntary by Mrs. Rousseau which was greatly appreciated.

This was followed by scripture reading by Mrs. Carrie Coffin, and prayer by Rev. W. C. Driver. The address of welcome was delivered by Rev. C. E. Chase.

Miss Gertrude Gilman, accompanied by Mrs. Rousseau, sang very sweetly and with much expression, a vocal solo. This selection received hearty applause.

Miss Brehm also delighted the audience with a solo, which was rendered most artistically and with finished effect.

The address of the evening was delivered by Miss Brehm. It was a masterly effort giving the full aim and scope of the work of the W. C. T. U.

She spoke of the work accomplished by Frances E. Willard, "the uncrowned queen, not only of America, but of the civilized world;" and of the change of sentiment in favor of the W. C. T. U., which had been effected during the past twenty-five years.

She spoke of the advances made by medical science in demonstrating that diseases can be cured and operations performed without the use of alcohol; and it was further demonstrated that the greatest percentage of cures was effected in hospitals where alcohol is not used in any form.

Vermont was the first State to make the teaching of scientific temperance in the schools compulsory by law. New Hampshire quickly followed and

now there is only one State in the Union, Georgia, where scientific temperance instruction is not taught; and of the seventeen millions of children attending the public schools over sixteen millions receive the benefits of scientific temperance instruction.

"The silver question" was a humorous talk by Miss Stella Webster, which tended to put the audience in good humor for the collection to be taken up; and, while she assured them that the sentiments of the W. C. T. U. of Nevada were strictly in favor of the silver question, this was an occasion when they need not confine themselves strictly to the letter of the law that gold would be acceptable as well as the white metal.

The convention will be in session this forenoon, afternoon and evening.

There will be addresses, reports of superintendents, and the election of officers, besides an entertaining and instructive program.

The public is cordially invited to attend.
